Questions of interest to the Francophones asked of candidates in the in the ridings of Sudbury and Nickel-Belt

Sudbury, September 10, 2021 - The Association canadienne-française de l'Ontario du grand Sudbury's goal is to promote the development and growth of Franco-Ontarians in its territory. It achieves this goal through sustained and consistent intervention at all levels of community development.

In keeping with the mandate described and in order to better inform the region's Francophones, ACFO of Greater Sudbury sent a questionnaire to candidates in the Sudbury and Nickel-Belt ridings, asking them to elaborate on their vision and point of view on three issues of interest to Francophones.

Five of the eight candidates responded to the questionnaire. Our questionnaire and the responses submitted by the various candidates can be found on our website acfosudbury.ca under the heading “Élections fédérales 2021”
